

Who we are...

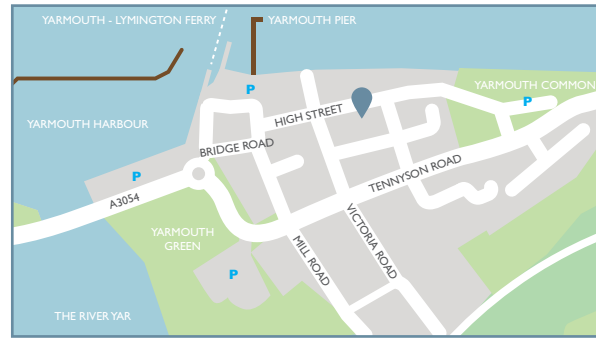

Yarmouth Dental Practice is a private dental practice conveniently located in the centre of Yarmouth High Street. We aim to deliver the highest level of general dental care as well as cosmetic dentistry, in a caring and friendly environment.

What we believe...

Our philosophy is based on the premise that dental decay and periodontal (gum) disease are no longer inevitable. With current treatment techniques and sound professional advice, natural teeth and supporting tissues can be kept in a healthy state for a lifetime, providing the regime is begun in time and you are committed to maintaining a high standard of oral hygiene at home, following our advice.

Complaints

We take complaints very seriously and try to ensure all patients are satisfied with the quality of service we strive to provide. Please notify any member of our dental team who will do their utmost to resolve the matter. Copies of the Practice Complaints Procedure Notice can be found on our website, at reception and in our Patient Information Folder in the waiting room.
