

Cosmetic Dentistry

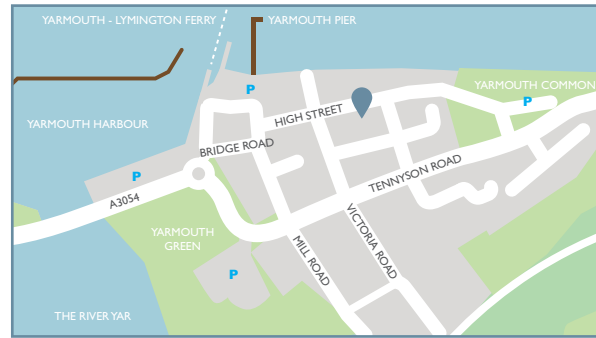

We are able to offer complete smile makeovers using porcelain veneers and crowns. For these procedures, we use metal-free crowns to ensure the best aesthetic result.

We also offer tooth whitening, a simple but effective way of improving the appearance of your teeth.

We can place composite (tooth coloured) fillings in place of your amalgam restorations and any discoloured fillings on your front teeth; we use high quality materials and use variety of different shades to ensure that the transition between filling material and tooth is seamless.

We can place 'bridges' in place of some missing teeth to provide a full-toothed smile. If you would like to improve your smile in any way, please speak to your dentist, who will be happy to discuss the options available to you.

We offer orthodontic treatment to straighten teeth and close any gaps and Implant treatment as an alternative to conventional bridges and dentures and as a good support for dentures.

Treatment Plan

Prior to your recommended treatment you will be provided with a treatment plan and written estimate detailing your treatment options and cost of future appointments. Written patient consent is sought prior to treatment to ensure that you are fully informed and are happy to proceed. Treatment plans and costs may change according to the clinical circumstances and individual needs.

Budgeting for your dental needs

We offer three monthly dental payment schemes:

- **Denplan Essentials**
- **Denplan Care**
- **Denplan Children**

We also offer finance as a way of paying for treatment . Please ask at reception for further details.

Payment is respectfully requested at your appointment. We accept cash, cheque and most debit/credit cards.

Oral Health Products

We stock a range of oral health aids (toothbrushes, TePe brushes, floss etc). Please see our price list at reception.

Missed appointments

Failure to attend your booked appointment, or to give 24 hours' notice of cancellation is likely to incur a charge of 50% of treatment cost to cover any loss of clinical time.
